

Environmental technician (night team) –Peel Region (Mississauga, Brampton, Caledon)

Job type : Full-time / Summer

You are looking for a job where you can work outside and overtake yourself? You are in good physical shape? Look no further, GDG Canada has the perfect position for you!

We are looking for 4 Environmental technicians on the night shift to apply product to roadside catch basins throughout **Peel Region (Mississauga, Brampton, Caledon)**. These services are delivered under contract to regional Health unit in order to inhibit the development of mosquito species most implicated in the transmission of West Nile Virus throughout the summer season.

Technicians will be trained and receive a Pesticide Applicator's License. They will use GPS technology to fulfill the contract requirements.

GDG Canada Inc. is a sustainable applied science group dedicated to managing the risk from West Nile virus and other vector borne diseases.

Functions

Under the supervision of the project coordinator, the West Nile virus technician is responsible to send all treatment data on a daily basis to our servers so we can track and verify the progression of the treatments. They will also be subject to internal audits for quality of field work and data entry.

Requirements

- Driver license (G)
- Discipline at work
- Autonomy and resourcefulness
- Capable of working extended hours if required.

Salary and Benefits

Salary is between 12,00\$ and 16,00\$ / hour

35h – 40 hours a week (Monday to Thursday); 8pm to 6 am

Training on the use of GPS technology and topographic maps
