

## **Environmental scooter technician –Peel Region (Mississauga, Brampton, Caledon)**

**Job type :** full-time / Summer

You are looking for a job where you can work outside and you are in good physical shape? Look no further, GDG Canada has the perfect position for you!

We are looking for 7 Environmental scooter technicians to apply product to roadside catch basins throughout **the Region of Peel**. There is 4 area that you might work for this contract: Mississauga south, Mississauga North, Brampton and Caledon. These services are delivered under contract to the regional Health unit in order to inhibit the development of mosquito species most implicated in the transmission of West Nile Virus throughout the summer season.

Technicians will be trained and receive a Pesticide Applicator's License. They will use GPS technology to fulfill the contract requirements.

GDG Canada Inc. is a sustainable applied science group dedicated to managing the risk from West Nile virus and other vector borne diseases.

### **Functions**

Under the supervision of the project coordinator, the West Nile virus technician would be responsible to send all treatment data on a daily basis to our servers so we can track and verify the progression of the treatments. They will also be subject to internal audits for quality of field work and data entry.

### **Requirements**

- M class (driver license)
- Very good physical condition
- Discipline at work
- Autonomy and resourcefulness
- Capable of working extended hours if required.

### **Salary and Benefits**

Training on the use of GPS technology and topographic maps

Training to achieve a Pesticide Applicators License

Salary is between 12,00\$ and 16,00\$ / hour

35h – 40 hours a week

Possible overtime

Opportunity for growth and career within the company
